## PROJECT

---

### Interactive Power BI Dashboard for Event Analysis - MIND Project

- Designed a Power BI dashboard to track registration and feedback trends.
- Identified key patterns like frequent participants, top-rated events, and popularity by age group.
- Provided insights to improve event attendance, feedback collection, and resource allocation.

### Interactive Power BI Dashboard for Course Analysis - MIND Project

- Analyzed participant feedback from an 8-week leadership coaching course using Google Forms.
- Identified key insights on satisfaction, trainer performance, and future course preferences.
- Provided actionable recommendations that improved course engagement and guided future offerings.

## EXTRACURRICULAR ACTIVITIES

---

### VOLUNTEERING

#### *Data Analyst - MIND (Mentoring in New Dimensions)*

Dec 2024 - Feb 2025

- Analyzed student-focused survey data from students to enhance decision-making.
- Created interactive dashboards using Power BI and Excel to track engagement and satisfaction trends.
- Collaborated with data department members to improve data-driven strategies for organizational development and engagement.

#### *Event Volunteer - IBE International Education Roadshow Fair*

Nov 2024

- Assisted in organizing and managing an educational event connecting students with international academic programs and institutions
